Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 5 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

This claim is not understood. First, no antecedent basis could be found for "the well sand pack (line 2). Also, it is not understood what agitation and removal of fines from a well sand pack has to do with the portable pump claimed in claim 1. It is suggested that applicant point out the area of the specification that sets forth claim 5.

Allowable Subject Matter

Claims 1-4 are allowed.

Response to Arguments

Applicant's arguments filed 10/31/05 have been fully considered but they are not persuasive. Actually applicant did not include any arguments with the response filed 10/31/05.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
